## COVER PHOTOS

*The Coronavirus (and Covid-19) caused major disruptions to SLSA, SLSWA and Fremantle SLSC events through 2020.*

*The Club continued its winning ways at the SLSWA Awards of Excellence this year. Jack Dowie received the \$3,000 cheque for second place in the Laval Club of the Year. Fremantle SLSC, through Matt Elliott and Mike Shaw, received the Community Program of the Year award.*

*Students from Aranmore Catholic College at the Beach Safety session.*

*Club Member of the Year is Lawson Mills.*

*Reconciliation was formally recognised this season as an important and responsible action for our Club.*

# President's Report

■ Jack Dowie

**F**remantle Surf Life Saving Club's 2020 season was proving to be rewarding in many ways for the membership and from a governance viewpoint, until the season was shortened by the outbreak of COVID-19 and drastic actions were needed. Despite this, our club closed in March 2020 in a positive frame of mind, knowing our membership and staff were healthy and technology was available to keep everyone informed and in touch.

The closure of the Club gave the management and administration teams a chance to step back and do a reset on systems and processes in readiness for the coming season. Most importantly, the closure brought out the best in our membership and staff allowing us to realise that what our club does as a community is very rewarding. Members were communicating online, participating in virtual training and having fun, as well as showing care and support for each other. Our Club's peer support group was and continues to be available to members.

We congratulate every member who achieved something this season, whether in competition and peaking for or placing in an event, earning a lifesaving award or receiving a smile from someone who you may have helped in some way.

To all our members and of course our valuable administration staff, the club thanks you for everything you do! We are a club who lives by and is proud of its values and you are the people who continue make it happen. In short, Freo is an awesome club!

## Financial Viability

Our Club is healthy, as expenditure was lower than budgeted primarily due to the early closure. Recent sponsorship, including that from Woodside, relieved the club of ongoing operational costs. Unexpected capex costs, such as the recently replaced security system, are inevitable, but contingency budgeting was available.

Sponsorship this season took a hit with the loss of a few sponsors. However, those new incoming sponsors are a welcome sign that support within our community is available. From this experience, our Club will concentrate on developing and maintaining a formal marketing strategy in the coming season.

## Participation

This season, our Club focused on all members having the opportunity to participate or, at least have a go in, all activities and events. From this we saw high Youth retention and the return of our Club's older Masters, some of whom enjoyed activities and mentoring opportunities with the Nippers and Youth. Nipper parents are also tending to volunteer more, relieving Age Group Managers of stress from their large and vital volunteer role. Some of this may also have been attributed to the Woodside Nippers sponsorship package and the availability of new equipment.

## Member Development

Member development has continued improve across all areas. Lifesaving and education trainers and assessors had very large numbers in both new award training and the early season patrol award re-qualifications (299 proficient Bronze Medallion members).

Our Club continued to be a top 'training' club, with 61 Bronze Medallion, 58 Youth and 26 adult Surf Rescue Certificate and 43 higher awards gained this season.

Surf sports performance coaching was re-introduced this season and was received well by all coaches and athletes wishing to go to the next level. Despite the State Championships and Aussies being cancelled, the work was beneficial for everyone involved. Performance coaching opportunities will increase again in the coming season.

Nipper development is always a mammoth task to manage and coordinate. It is the foundation of our Club and seeing the attitude of our nippers having fun during the quality surf education program shows our Club that its future will be in good hands.

Youth development continues to improve by allowing our youth to have ownership and responsibility for club activities and their events. Having youth in charge on patrols and giving them sports coaching opportunities is engaging as well as rewarding for their mentors working with them. Our Club hopes to see this area grow as youth mature into adult members.

## Sustainability

This season our club exceeded a membership of 1,550 inclusive of 574 Nippers and 215 Youth, proving our membership is stable and youth retention is good.

Our reputation as a Club who 'saves lives and builds a better communities' stands strong. Feedback from our members and community stakeholders has been positive. Despite this positive outcome, the Club will continue to consolidate, refine and strive for excellence.

## Engagement

Engaging within our membership, with staff and third parties is something we do well. This season, we had direct involvement with the public right through to state and local government, reinforcing our Club and its members' importance.

Our communication processes and strategies are currently being reviewed and clarified for the upcoming season to ensure timely notices and information is available for all Club members as well as relevant stakeholder and community members.

Recognition of the HMAS Sydney II crew members through our ceremony every November is one event that the whole Club gets involved in. It's great to see external associations now joining us on the beach for this emotional event. To see five year old nippers alongside 80 and 90 year old war veterans, recognising the same cause, is again what our Club values are all about.

## Club Member of the Year

This season, Lawson Mills has been recognised as Club Member of the Year, for his outstanding service to patrols, becoming an IRB driver and Patrol Captain. He also took on Bronze Medallion and IRB training, fitness development for the surf boat rowers and IRB racing (as co-captain), all the while studying medicine! Although only being in the Club for three seasons, his innate leadership skills, knowledge of medicine and sports science and his demonstrable 'living the Club values', has proved him to be an outstanding role model for younger members. We are proud to acknowledge Lawson as the Club Member of the Year for 2020.

*Club Member of the Year - Lawson Mills*

# Reconciliation

**F**remantle SLSC is very proud of its commitment to play our part in the journey towards Reconciliation.

## **Acknowledgement of the Country**

*Fremantle Surf Life Saving Club acknowledges the Whadjuk people of the Nyoongar nation on whose traditional lands and waterways we serve our community, and we have deep respect for their elder's past, present and emerging. We recognise and seek to learn from the important knowledge held by First Nations people over tens of thousands of years as the traditional custodians of Walyalup.*

This season, Reconciliation was formally recognised as an important responsible action for our club to plan and work towards. In April 2020 the club announced its intent and ongoing actions to continuously build relationships, respect and trust between the wider Australian community and Aboriginal and Torres Strait Islander peoples.

Our inaugural Reconciliation Action Plan (RAP) will underpin our early steps toward reconciliation. The first of four levels in the RAP framework is Reflect. The Reflect level plan sets out the steps our club will take to prepare for and commit to. Our commitment to the Reflect RAP will assist us to acknowledge and develop increasingly meaningful relationships with Aboriginal and Torres Strait Islander members and stakeholders within the local community whom we serve. This important initial step will also assist us to shape our vision for reconciliation before committing to specific actions or initiatives. This process will help inform our future planning in a meaningful, collaborative, mutually beneficial and sustainable way.

We are excited about the prospects of our Reconciliation Action Plan outcomes and also for future collaborations with other clubs as we work towards a future of embedded cultural knowledge, understanding and value. Going forward you will see and hear announcements relating to the commencement of our journey; including the introduction of educational programs, fun activities and of course our connections with the wider community.

*Olman Walley (left) delivers the Welcome to Country at the Club's season-opening event*

# 2020 SLSWA Awards of Excellence Nominees

## Lavan Club of the Year (finalist)

## Patrol Club of the Year (finalist)

## AGL Volunteer of the Year (Lawson Mills)

In his three years with the Club, Lawson has gained his Bronze Medallion, began patrolling, became a Patrol Captain, gained his Bronze Trainers award, is now our IRB Racing co-Captain and delivers fitness training to our IRB and Surf Boats crews. He has demonstrated exceptional energy, commitment and leadership skills.

## Youth Volunteer of the Year (Phoebe Ashworth)

Phoebe has demonstrated an outstanding commitment to surf life saving. She is a strong role model because she is involved in all aspects of surf; from achieving her youth official qualification, appointment as a Youth Captain, patrols and participation in surf sports as a competitor. Throughout her involvement in all areas of surf, Phoebe is always polite and well-mannered. No matter what she is doing she is willing to drop that and help someone else who needs assistance. Phoebe also acts as a positive role model to the youth group as well as to the nippers.

## Lifesaver of the Year (Kieren Smith, finalist)

Kieren is an IRB and jet ski driver on patrol, a member of the Wesfarmers Emergency Response Team, and the Club's drone and radio equipment officer. Kieren regularly provides water safety for SLSWA carnivals, Abalone Patrol as well as our own Fremantle Ocean Classic swim. He is also a key member of our IRB racing team.

## Youth Lifesaver of the Year (Luke de Laeter)

Luke has been an outstanding Club member and contributor all season. This season Luke has been the designated IRB Crew Person on his rostered 'Bubbles' patrol and volunteered his time as an IRB Driver and Crew Person on a number of other patrols when they were short. He gained his IRB Driver qualification and WA Drone Patrol Operator qualification, wherein Luke became our Club's youngest drone operator. Luke is always around the club to lend a helping hand including setting up carnivals, assisting the nipper program, providing water safety for the Fremantle Ocean Classic swim and carnivals, and volunteering as First Aid. Luke is also an IRB racing competitor as a crew person and driver and has been a great role model and asset to our Club.

## Coach of the Year (Craig Ashworth, finalist)

Whilst always having been passionate about Surf Sports and coaching, this season, Craig took on the Surf Sports Manager role and began working with athletes to understand what they wanted from a training program. He turned this into a Coaching Framework for Board and Iron disciplines (to align with the SLSA framework). He also was our Performance Boards Coach.

## Surf Sports Team of the Year (Harrison Hynes, TJ Chong Sue, finalist)

Under 17 Line Throw gold medallists at the SLSWA Pool Rescue State Championships and National silver medallists in the same event.

## Youth Athlete of the Year (Harrison Hynes, finalist)

Harrison had an outstanding year in the pool, winning six gold, one silver and one bronze at the State Pool Rescue Championships followed by one gold, one silver and one bronze at the Australian Pool Rescue Championships. While competing there for WA in Interstates, he picked up three firsts and a third. Harrison was rewarded by being selected in the Australian Youth Life Saving team, which were meant to compete at the 2020 Life saving World Championships in Italy.

## Trainer of the Year (Cath Morgan, finalist)

Cath has been our Club's SRC training coordinator for a number of years. This year, Cath not only delivered 40 hours of training directly to the Youth SRC group, she ran an Adult SRC course in parallel, delivering 26 new adult water safety people for the Nippers. In her downtime, Cath also delivered several Bronze training sessions.

## Community Program of the Year (finalist)

In its sixth year, this program, run by Matt Elliott and Mike Shaw, hosted over 60 students from Aranmore Catholic College and Lynwood SHS - recent immigrants to Australia. Many have never seen the ocean, or have limited awareness of the dangers of the surf. We presented in-class sessions followed by on-beach activities to promote safety and awareness of the role of surf lifesavers. Our philosophy is that it is better to prevent the problem through awareness, than to make the rescue. The students are then able to pass that knowledge to their parents.

## Support Operations Volunteer of the Year (Kieren Smith, finalist)

Kieren was nominated by SLSWA for his outstanding contributions to the Wesfarmers ERT, Abalone Patrol and Drone program.

## And the winners were ...

Our Club was rewarded as winner of the Community Program of the Year award, second place (and cheque for \$3,000) in the Lavan Legal Club of the Year award, and Youth Athlete of the Year!

# Director of Finance Report

■ Tony Silipo CPA BCOM

I am pleased to present the Audited Financial Report for the twelve month period ended 31 March 2020.

## Result for the year

The Club has recorded a net profit of \$103,997 for the year after amortisation, depreciation and accounting adjustments, but before capital expenditure.

The net profit prior to the accounting adjustments mentioned above was \$ 100,176.

Whilst the result for the year was very pleasing given the early end to our season due to the COVID-19 pandemic, revenue such as bar, canteen and uniform shop sales and club venue hire were reduced due to this early closure. The financial effects on the club due to the early closure to the season were mainly offset by income received via the Federal Government stimulus package of \$10,000 and support from SLSWA in not charging the club for members insurance for the year, a saving of approximately \$25,000.

Our major sources of income were -

Membership	\$ 204,533
Sales - bar, canteen & uniform shop	\$ 73,219
Donations	\$ 31,535
Sponsorship	\$ 59,542
Club rental and hire	\$ 23,326
Education services	\$ 14,983
Social & fundraising	\$ 23,547

The major areas of expenditure were -

Administration	\$ 163,795
Building Services	\$ 110,087
COGS - bar, canteen & uniform shop	\$ 63,956
Competition expenses	\$ 23,888
Social & fundraising	\$ 20,776

During the year there was \$34,552 of capital expenditure, the main items that were purchased or donated during the year are as follows -

Water coolers  
Tents  
Two racing skis  
Surf boat oars  
Final payment IRB Thundercat  
New IRB motor  
Eight soft nipper boards  
Advanced airway Larry Torso  
Sundry gym equipment

## Statement of financial position

As at 31 March 2020 the Club's net assets were valued at \$2,179,468.

The Club's cash assets amounted to \$350,583 as at 31 March 2020.

## Looking forward

The year ahead presents an interesting challenge for the club, due to the uncertainty relating to COVID-19. Whilst there may be some negative impact on some of our revenue (membership, sponsorship, club hire and rental) during the year, this should be mainly offset from Federal Government support received by the club in the form of the cash boost and Jobkeeper schemes. Our current budgeting forecasts a surplus for the year, and even with an extensive amount being spent on capital equipment, we still anticipate a small surplus.. We are aware that things can change very quickly and we continue to regularly monitor the clubs financial position to ensure we can react quickly to any changes..

I would like to thank all of our members who donate their time, expertise and goods to the club, whilst this may not be reflected in the financial accounts of the club, your contribution is invaluable as it frees up our cash resources to be used providing members equipment and services.

Finally I would also like to thank our administration staff Jo, Dee and Toby, their knowledge and support throughout the year is very much appreciated.

New equipment purchased includes Thundercat hull and motor, Advanced Airway manikin and tents featuring club colours and logo

# Administration Manager's Report

■ Jo Jameson

## Lifesaving Membership

	Male	Female	19-20	18-19	17-18	16-17	15-16

*Fremantle's Junior membership continued its three-year trend of increasing numbers - this year reaching its highest ever level of 574 nippers. Still one of the largest nipper groups in the State*

# Life Membership

■ Graham Walton

## New Life Member - Nick Palmer

Nick Palmer ("Napalm") joined the Club in November 1986 along with his brother Bill. Steve "Pom" Connor enticed them both to join his crew, which made the finals in 1990. The crew went on to win the first gold medal for the Club in Open Surf Boats in 1991. Nick continued to row in top competition until family and work commitments lured him away in 1998. He rejoined in 2000 and a few years later saw a need for some direction and guidance when the competition arena was not developing as it could have.

To build a positive culture in the surf boats, Nick's philosophy has been to develop and nurture the young people in the Club and to promote rowing to young members by means of fitness training, good coaching, and camaraderie with other members, and having fun, which hopefully will lead to better community and corporate citizens. In 2007, he took over the role of surf boat captain in 2007-08 which he still holds after 10 years.

Nick's contribution to surf boats and Club activities saw him nominated as Best Club Member in 2017-18.

Nick has continued with his goals of development of crews and sweeps. He vigorously pursued funding from the Board for training programs, organised coaches for fitness and weight training for rowers in pre-season, and sourced and coerced a specialist rowing coach.

Because of his persistence and good nature, he has been successful in attracting sponsorship for two surfboats, three sets of oars and three rowing machines which meant club funds could be redirected.

Sweeps are hard to find, develop and retain, but Nick has managed to do just that and guided sweeps to become qualified as coaches under rigorous conditions. Nick had mentored sweeps from Coogee Surf Club with the result that one of them joined our Club and has successfully developed young rowers.

Nick's interest is surf club, his passion is surf boats and the development of his sons and those around them to make the most of opportunities presented to them. He has a vision to develop a rowing fraternity from within Club ranks to build a culture around surf boat rowing that would encourage young people to develop and maintain a long term relationship with the club.

## Vale Ivan 'Pip' Anderton (Life Member)

Ivan, or "Pip" as he was known, joined the Leighton Surf Club as a 15 year old Junior in December 1944. He took on the positions of Ambulance Officer and Social Director in the 1949-50 season and from 1947 he instructed numerous candidates for the SLSA Awards. In July 1950, he joined the WA Board of Examiners. As an SLSWA Board Member, Pip served a distinguished term as an Examiner, Carnival Referee and Judge.

From the late 1940's to early 50's, the Leighton Surf Club was in dire straits due to low membership and Pip was one of a small group, including Dave Blackley, Bill Summers and Don Pass who kept the club functioning. He was named Best Club Member in 1951, midway through a three year term as Club Secretary. In the 1951-52 season, Pip was also Ambulance Officer on the Lifesaving Committee and Coach of the Senior Rescue and Resuscitation team.

Pip is recognized mostly for his tenure as Club Treasurer for 11 years from 1956 to 1969, and again in the 1979-80 season. He presided over the club finances during the volatile times when the club had low membership, was under threat of resumption of Leighton Beach in 1958 and the change from old to new clubrooms in 1962. He provided the club with advice on insurance requirements and information on its financial problems. In 1965, the club's funds were overdrawn and Pip was a member of the sub-committee to review the problem. As part of the solution to the problem he organized a fund-raising display in the clubrooms featuring a shark caught by Frank Miragliotta.

For his dedication to the club's administrative affairs Pip was awarded Life Membership in August 1961. He was tenacious with management matters, never letting any business go unfinished. He was also a fountain of knowledge on the Club Constitution and By-Laws, ensuring all members stuck to the rules.

Pip got onto the beach occasionally as Patrol Officer in 1965-66. He was Club President for three years from 1969 to 1972 and Vice-President for three years between 1972 and 1976. In 1970, he set up a Building Sub-Committee to investigate the offer of land by the Mosman Town Council to relocate the Clubrooms. The Committee decided to remain at the present site and improve the premises in three stages. In 1975-76, Pip assisted Ron Bennett in the Club's Aquavival course, giving community instruction on resuscitation methods.

Pip received Life Membership of Surf Lifesaving WA in 1975.

Pip sadly passed away in June 2020, aged 91 years.

# HMAS Sydney II Memorial

Each Year in November, our Club holds a special ceremony to remember the officers and crew of the HMAS Sydney II, which was lost on November 19th 1941 with all 645 crew members in an epic sea battle with the German raider 'Kormoran'. We hold the ceremony on Leighton Beach in front of our assembled nippers, parents and seniors, and recall that many of the crew of HMAS Sydney II spent time at Leighton and our surf club when not on active duty. In February 1941, the crew of HMAS Sydney II presented our club with a hand-made reel, which in the day was the prime means of rescuing people from the surf. The reel is displayed each year and plays a central part in the ceremony.

This year, attendees to the memorial service included Captain Ainsley Morthorpe of the Royal Australian Navy based at HMAS Stirling, Councillor Doug Thompson representing the City of Fremantle, John McCourt, CEO of the RSL WA, Port Beach Polar

*Captain Ainsley Morthorpe from HMAS Stirling*

*Wreath honour guard*

Bears President Suzette Felton and Secretary Trevor Pedler, Fremantle SLSC Vice Patron Alex Bajada and Fremantle SLSC Life members. Especially welcome were many crew members from HMAS Sydney III and IV as well as our own Jamie Bowers, who is currently serving on HMAS Sydney V during sea trials.

A welcome to country was offered by Youth member Kelton Rothnie, before Captain Morthorpe gave a moving account of the tragic story of the naval battle fought off the West Australian coast.

A wreath was then presented to club members on a waiting jet ski who took it out and laid it on the surface of the ocean.

Afterwards, all attendees and guests gathered for a morning tea.

## The 'Fremantle Ocean Classic'

The Fremantle Ocean Classic is now in its third year in the current format, and continues to improve year on year. This year, we dropped the board and beach options from last year, and focussed on the key swimming events. We also added few more swimming events to cater for the widest possible range of preferences – adding in an elite 6400m swim, plus a couple of short swims and wades for the kiddies ! Over the three major swim distances, we attracted a very pleasing 240 competitors, up 30% over last year.

Sponsored races this year were –

- **FINZ** 6400m swim
- **Aussie Natural** 3200m swim
- **Ross Shaw** 1600m swim
- **Mint Real Estate** teams of three over 1600m
- **Kin Sitters** 150m Guppy Swim, and
- **Kin Sitters** 50m Taddy Wade

We also greatly appreciated the support from our other fantastic event supporters – **Coast Restaurant**, **Churchill Imaging** and **The Orange Box**.

Overall winners of the headline events were –

- 1600m swim – Simon Huitenga (20m:25s) and Kelsey Eastwood (20m:43s)
- 1600m teams – Silly Salmonettes (Ava Forrest, Gabrielle Gibbons and Jess Stackhouse)

- 3200m swim – Solomon Wright (40m:54s) and Jaime Bowler (42m:10s)
- 6400m swim – Billy Jerry (1h:35m:23s) and Phoebe Ashworth (1h:49m:39s)

It was really pleasing to see some of our Club members – the three Silly Salmonettes and Phoebe – take out major awards ! Other terrific performances from Club members included –

**1600m swim** - Fi Carroll (24m:53s, 4th female overall and first in her age category), Lexi Menin (25m:04s, 5th female overall and first in her age category), Sienna Menin (25m:15s, 6th female overall and second in her age category) and Josh Douglas (26m:56s, 7th male overall and second in his age category)

**3200m swim** - Archie Davis (43m:51s, 4th male overall and first in his age category), Amelie Prinsloo (49m:12s, 3rd female overall and first in her age category) and Masters Brad Ravenscroft (49m:35s) and Tracey Shaw (50m:56s)

The FOC Committee is working to improve the event even further by attempting to bring all the SLS Clubs who run similar swim events under a common umbrella "The Ocean Swim Series" (much like the WA Swimming Open water series) allowing cross-advertising of each Club's event across the other Club's competitor lists. Hopefully, the net result will be that all Clubs can advertise to a wider audience and improve overall competitor numbers !

# Club Captain's Report

■ Anne-Marie Nunes

The 2019/20 season was proving to be rewarding unfortunately, it was shortened by the outbreak of COVID-19 and the drastic change was needed to close Fremantle Surf Lifesaving Club in March 2020. Despite the early closure of the Club and end to the season it was made in a positive frame of mind knowing the membership and staff were healthy.

Notwithstanding the early end to the season the Club has continued to build on its core values through continuing to excel in providing life saving services, promoting 'one club' through teamwork and a have a go attitude in parallel with ensuring the wellbeing of members. The innovation and drive of our members to achieve these objectives has been demonstrated across all areas of our Club – governance, lifesaving, education, development and competition.

This season the Youth Leadership Program was revamped to allow younger members to enjoy responsibility and be mentored under the guidance of senior members. Youth members were given the opportunity to attend on-site planning sessions for Sunday mornings to input to Youth activities, assist coaching sessions in readiness for their development coach award and have more involvement in event preparation. Additionally, Youth Captains were nominated by peers and Age Group Managers. This role entailed Youth Captains developing and running youth activities as well as encouraging and participating in Club activities. Youth members worked at the registration day assisting with payments, filing and enjoyed meeting new members. On occasions Youth members worked the uniform store and helped out in the administration office giving them the background knowledge on Club processes and systems.

Surf sports performance coaching was a major focus for this season and, despite the cancellation of major Championships, the hard work was beneficial for all our competitors. This development enabled surf sports to continue to grow and develop whereby along with more training sessions being made available for each training level from beginners to competitors it was great to see an increase in member's participation. This is a reflection of our Coach's engagement with members to create a fun and inclusive environment.

The Lifesaving and Education committee also continued to ensure its objective of high-performing and high-quality patrols focusing on member development which again was of high quality across all areas. Lifesaving and education trainers and assessors had very large numbers to work with in both new award training and the early season patrol award re-qualifications (299 proficient Bronze Medallion members to date). The efforts of our strong team of Trainers continues to ensure that our members demonstrate high quality skills through their education and training.

In line with the Club's focus on member wellbeing Fremantle continued to participate in SLSWA's Peer Support program and have four Peer Support Officers within the Club to support our members.

The Club has continued to recognise the importance of governance and its positive outcomes when managed and delivered professionally. This season, new documents were approved formalising the Board Induction, Board Charter, Club Health and Safety Policy, Touring Team and Camp Guide and the Reconciliation Action Plan. In addition to these documents, the Club introduced a new financial software package to manage and deliver the reporting needs as well as upgrading its IT systems towards cloud based filing systems and security. Additionally, the Board continued to review and update the Constitution and Bylaws to account for new rules and regulations.

Going forward into the 2020/21 season the Club is focused on improving our service to the community and our members. This involves continuing growth within the Youth Leadership Program inclusive of working with other clubs to broaden friendships and contacts for better opportunities as well as the execution of the Starfish Nippers program.

As Club Captain I'd like to take this opportunity to thank all our Club's volunteers, including Age Group Managers, Officials, Coaches, Managers, Administration Staff, Trainers, Committee Members, Patrol Captains, Vice Captains and the Board members, for their tireless efforts across all areas of the Club. Our Club has continued to grow in size and capacity due to your commitment, teamwork, initiative, integrity and service. You are our Club's greatest asset and the reason the Club continues to grow and is valued member of the community.

*Luke de Laeter is this year's winner of the Jason Shortte Memorial Trophy for Best U19 Club Member*

# Lifesaving Report

■ Jess Simpson

The 2019-20 season has seen a tremendous effort from all members, young and old. A huge thank you to everyone for their dedication this season. As a team, we have continued to develop the skills and attributes so critical to that of effective lifesavers.

This season, we saw 420 members clocking up 7,440 patrolling hours including 264 water safety hours. The season was without a doubt a challenge for everyone - from the erosion at Port Beach to dealing with the outbreak of Covid-19 and the decision to close the club house for the safety of our members. Thank you to all our members for cooperating with us in preserving our beaches and sticking by us when we made the tough decisions over the winter months.

Winner of the Best Patrol Member award this year - Kieren Smith

It has been a great season, with much training by all members throughout the club, plenty of action on Sunday mornings with nippers, planning and development for the future of the club. This has included several serious first aid incidents and rescues, and the feedback from both on and off the beach has been very complimentary of the treatment we have provided.

In true Fremantle form, during the season we have continued to provide great opportunities for our members to further improve their skills and capabilities. They don't get much press, but it wouldn't be except for the incredible work and dedication by our trainers and assessors. The club would definitely not be at the standard we are today without their skills and knowledge. As a result of their efforts, this season we have conducted three Bronze Courses and two SRC Courses and gained 61 new Bronze Medallion and 83 new SRC award holders.

Our members have not only shown commitment to patrolling the beach, we have also had great representation off the beach, where our members have rendered their assistance to those in need. This is further proof that our training has a wider community benefit. It is wonderful to see the depth of talent we have in our youth and we can't wait to see them take on leadership positions within our patrols, especially with the new Junior Vice Captain role.

Our fundamental purpose is to patrol the beach, so without the volunteer members this would not be possible. As with all groups, the patrols need good leadership. This season saw a few new Patrol Captains step up to the role. Whilst it was a learning curve in terms of adjusting our patrols, everyone has done themselves and the organisation proud. A special thank you to those members who stepped up in desperate times - the Club and I are very grateful for your commitment.

Further, I don't do this job alone. A huge thank you to the Lifesaving and Education Committee for remaining flexible throughout this season and providing further opportunities for our members in particular Liam Burke (Director of Lifesaving and Education), Liz Pitts (Patrol Officer), Kieren Smith (Radio and Drone Officer), James Birkmanis (Mobile Equipment Officer), John Summers (IRB Officer), Kelly Aitken-Fox (First Aid Officer), Cath Morgan (SRC Coordinator) and Mike Shaw (Education Manager). You have helped ensure the members of the Club are supported in all areas from gear and equipment through to training and club member development. Without them, we would not have the equipment on the beach, courses to develop our skills and activities to meet new people. I can't thank you enough.

**Don't forget that what we do matters.** We develop lives that save lives and when we stand on the beach wearing our red and yellow uniform we are seen as being of the highest calibre. Surf life savers are the world leaders in aquatic safety in the surf environment and our practices. So next time you think that it does not matter if you come down to your patrol, just remember the profound effect that the actions of our volunteers make on the public and how highly you are regarded standing in your red and yellow. Remember you will always get more out of lifesaving than you put in.

Lastly, congratulations again for a challenging yet enjoyable season and for keeping our beaches safe. Stay safe and see you in the new season.

See you on the beach in 2020-21.

Australia Day patrol 2020

# Education Report

■ Mike Shaw

While season 2019-20 was significantly disrupted due to the Coronavirus pandemic, most of our awards training had been completed before the shutdown. Our members completed 204 awards in total (as shown in the table), down a little from the previous year's 248. The reduction was primarily in the Advanced Resuscitation award (which will have future implications – see later).

	2019-20	2018-19
Certificate IV in Training and Assessment	-	2
Certificate II in Public Safety (Aquatic Rescue)	3	1
Advanced Resuscitation Techniques [AID]	8	40
Bronze Medallion	61	65
First Aid [AID]	14	16
IRB Crew Certificate	9	31
Pain Management Certificate	3	11
Radio Operator Certificate	4	-
Rescue Water Craft Operator Certificate	5	2
Silver Medallion IRB Driver	9	6
Surf Rescue Certificate (CPR Endorsed)	83	69
WA Assessor	-	-
WA Facilitator (First Aid, ART AID)	-	1
WA Silver Medallion Beach Management	-	2
WA Training Officer (Bronze Medallion)	2	2
WA Training Officer (IRB, RWC)	1	-
WA Training Officer Certificate	2	-

The high quality training at our Club would not be possible without the efforts of our wonderful trainers and assessors – many thanks to Peter Hastie, John Price, Mark Regel, Larry Tilbury, Pip Hawson, John Skipsey, Cath Morgan, Jay Morgan, John Summers, Ben Pink, Jodie Pink, Dylan Ewart, Anne-Marie Nunes, Liz Pitts, Jack Palmer, Kitty Eichner, Dave Carbon, and Ian Clarke. It was especially pleasing to two new trainers – Lawson Mills and Spencer Cranston – participate in the Bronze courses and ultimately get their WA Trainers Certificate. It will be an objective of the Education Committee this year to find more members to step up and become trainers and assessors, to take off some of the pressure from the current group.

Organisation of proficiencies (skills maintenance checks) continues to improve each year, and we followed the same approach as last year. One new feature is that SLSA have produced an app which allows proficiencies to be directly uploaded to SurfGuard, without admin support and the generation of Form 14's. This is a significant reduction in the overhead of maintaining our qualification. Although there have been teething problems, both with the app and with members needing to have a Members Area account to book timeslot, it will ultimately work out to be a real time-saver for the Education Manager and Trainers.

We have settled into an ongoing program of three Bronze courses each season – one intensive one-week course in each of the September and January school holidays (which suits school students who have exams in the latter months of the school year) and a full eight-week course from October to December. Although we had very large numbers for the SRC group this year, Cath Morgan elected (as SRC coordinator) not to break up the group into a number of smaller courses, but to maintain team cohesion and run a single group. This took a massive effort from the trainers, but they pulled it off handsomely !

A future change to the Bronze Medallion is that the course content will no longer contain oxygen delivery – instead, a member will have to hold the Advanced Resuscitation Techniques (ART) award to do this. The implication on our life saving services is that we will now need to deliver many more ART award holder to ensure coverage on our patrols. Plans are underway to incorporate this in our training calendar.

We continue to deliver high quality commercial first aid and surf rescue training, through John Summers, John Price, Peter Hastie, Holly Casey, Leanne Coverley-Brandis and myself. Holly is a club member and previously used to run much of the Surf Rescue Certificate training for schools through SLSWA, but now does it through our Club. We ran four SRC and two First Aid courses covering 99 candidates and generated several thousand dollars in fees for the Club.

IRB and jet ski training in 2019 missed out on all the Covid-19 problems and our tireless trainers delivered nine IRB Crew, nine IRB drivers and five RWC (jet ski) drivers to support our lifesaving operations.

The highlight of the year was undoubtedly the recognition of our Multicultural Beach and Surf Safety program for the SLSWA Community Program of the Year. The program, run by Matt Elliott and myself, provides in-school learning and beach excursions to two schools (Aranmore Catholic College and Lynwood SHS) for many kids who have never seen the ocean. Our philosophy is to educate kids (and their parents) to avoid having to make rescues.

Again, my great thanks to everyone who has contributed to the training of our members – we would not be able to do this without your support !

Candidates from the January intensive Bronze course

# Marketing Report

■ Mick Burke

This season, the Club enjoyed continued support from many long term sponsors and also attracted new ones. The significant contribution from our sponsors supports the Club to provide the essential equipment needed for the provision of lifesaving services and the training of patrolling members. The WA business economy has not been strong for quite an extended period so the financial support provided to the Club by our sponsors is greatly appreciated.

Club President Jack Dowie and Club Captain Annie Nunes negotiated with Melville Toyota to become a major sponsor, with the provision of a new patrol vehicle including servicing, registration and servicing. The ute is of course an integral but expensive part of surf patrol equipment and it's brilliant to have the support of Melville Toyota. A ceremonial handing-over-the-keys presentation was planned for a Sunday morning during the season but Covid-19 scuttled that event.

The relationship with Melville Toyota has already expanded with their co-sponsoring of the 2020-21 season nippers fluoro vests.

Fremantle Ports continued their support of the club this year with a \$6,000 donation towards a new surf boat. Through our Boat Captain Nick Palmer, the Club's ongoing relationship with Fremantle Ports is developing, with the provision of stall space at the next Fremantle Ports Maritime Day event which will be a fundraiser as well as a promotional opportunity for the club.

The purchase of a new surf boat became a reality following a \$6,000 donation from Club member Mike Shaw. The club was already holding a \$10,000 donation from Larry and Margaret Tilbury and, along with the Fremantle Ports funding and some cash reserves, Mike's donation has made the purchase possible.

Woodside are a club sponsor as part of their major statewide sponsorship of the nipper programme through SLSWA. Woodside provided each nipper with a beach pack and also provided the club with a substantial cash donation. Supporting the Woodside programme Lotterywest sponsored a trailer to transport nippers boards and ancillary items for Sunday morning club activities.

SLSA national sponsor AGL once again supported our Club this year with the provision of eight nipper surf boards, taking their total donation up to 26 boards over the last three seasons.

Thank you to City of Fremantle for the substantial annual funding which they have guaranteed for the medium term. There is a strong ongoing relationship with the City which extends beyond the funding to include support with grant applications and community activities.

Aussie Natural Spring Water have been a long-time sponsor of the club and once again provided their support this season. Fremantle Steel, Mincon, and Core Fitness have also continued their financial support of the club amidst a challenging business environment.

Evoke Media continue to create income for the club with periodic patrol shelter advertising. Healthways have again provided the club with funding to support their promotion of healthy life choices for

Western Australian, a value shared in common with the Fremantle SLSC.

It was pleasing to be able offer the Port Beach Polar Bears use of the clubrooms when Port Beach was inaccessible. This amazing group of open water swimmers have been major financial supporters of the club for many years and we share a common love and respect for the beach environment and community.

Some Club members have accepted the offer from Message in Motion to display community services advertising on the back window of their vehicle with the benefit being shared between the club and the individual club member. The Club received \$8,910 for the season. The offer to Club members will arise again during the oncoming season.

*Our wonderful new Surf Rescue vehicle from Melville Toyota*

A terrific number of members joined in to shake a can for the Annual Street Appeal which raised just over \$2,000. Caitlin Jameson was again a central organiser. It's not a comfortable role for a life saver to be collecting money in public so thank you to all involved

The Fremantle Ocean Classic open water swim event was again successful as a fundraiser and as a fun event for the 312

participants. Our sponsors this year were Finz Swimwear, Mint Real Estate, Aussie Natural Water, Ross Shaw, Kin Sitters, Blue Chip Timing and MC Rob Goyen. A large number of Club members contribute with water safety, marshalling, catering, registration, administration, and liaison for donations from Club sponsors.

The Club receives donations throughout the year from benevolent individuals and businesses who help without seeking any reciprocal benefit or public recognition. A good example is Vogel's Autos who quietly donate their time and materials for the servicing of Club all-terrain vehicles as well as providing supplies such as the WD40 for IRBs.

Kitesurfing WA, Mediterranean Shipping Company, SOS Enterprises and VacSwim have supported the Club with cash donations.

Little Creatures had planned a quiz night at their Sonar Room to benefit the Club but unfortunately that event was scuttled by Covid-19 restrictions on pubs and clubs.

One goal for this season that fell short was the development of a strategy to attract corporate sponsorship for Youth activities at the club. It will be high priority next season to liaise with our youth members on their surf club

*Woodside Nippers trailer full of equipment*

training, camp and competition needs and aspirations and how sponsorship can assist.

The 100 Club fundraising initiative was moderately successful but filling the nameplates is a long way from complete and will be a major focus for the early part of the 2020-21 season.

Overall, it was a successful season for the management of sponsors and sponsorship income. Thank you to committee members Tony Silipo, Alex Bajada, Matt Elliot, Jo Jameson and the club administration team. With the expectation that sponsorship dollars will be harder to find in the subdued WA economy we will be seeking new committee members who have the interpersonal skills to form and to manage sponsor relationships.

# Junior Development Report

■ Kirsty & Joel Moore

It was a season full of firsts for the nipper crew at FMSLSC, we started with gusto and vigor and then came to an unexpected halt with impacts of the COVID-19 Coronavirus Pandemic.

Our nippers participate in the Surf Education Program set by Surf Life Saving Western Australia. The program is aimed at producing our surf life savers of the future.

Under the expertise and watchful eye of our age group managers (AGMs), our 574 nippers, across eight age groups, learn the necessary skills and experience in surf sports, rescue, beach awareness, team activities, sportsmanship and above all inclusivity. More than 90% of our nippers completed the program thanks to our dedicated nipper volunteers, AGMs and water safety.

Aimed at all levels of fitness, our nipper program at FMSLSC has a place and a role for everyone, making surf life saving a great option for all families.

## Major sponsorship breathes new life

This year, surf life saving clubs across Western Australia, were proud beneficiaries of a major sponsorship from Woodside. Thanks to the generosity of this sponsorship we became the proud owners of a new nippers trailer, stacked to the brim with competition equipment, every 2019-20 nipper member received their own kit including sun safe hat, nipper vest, cap and sling bag.

This sponsorship also allowed us to purchase some great new training equipment including boards, which will be well used over the coming seasons.

## Farewell to our Under 13s

While we weren't able to give our under 13 cohort a proper farewell as they transition to the Youth Program, we know that their AGMs will make sure they celebrate their graduation in fine fashion.

This group of U/13s have represented our club proudly over the past eight years, with 29 being awarded their long service trophies.

At the commencement of next season, they will begin to train for their Surf Rescue Certificate (SRC). A big thank you to our U/13 AGMs - Seisha Fogarty-Pryor, Brian Troy, Donovan Pryor and Chris Cleave - for their years of commitment to developing and nurturing this group and their outstanding leadership and commitment to our club.

## Nipper Camp

Always a big fixture in the season's calendar for our older nipper members, the February nipper camp was attended by 60 very excited kids. Two nights and three 'electronic-free' days at Point

Peron meant lots of team building, bonding and excitement. A huge thank you to our camp coordinator, Paul Whitby, for organising yet another incident free weekend full of fun, and to the rest of the volunteers who helped out. Sleep on Sunday night was well earned.

This year, the kids also wrote their own camp song - to the tune of local Fremantle heroes ACDC's TNT -

*See you walk into the dorm  
And choose your bunk bed  
not finding where you want  
to lay your weary head.  
Under 13s to the left of me  
And Under 12s to the right  
Ain't got no sleep  
Ain't got my mum  
And the mossies bite*

### CHORUS

*Coz I'm at Nipper Camp  
Don't got my mum  
Nipper Camp. I will have fun  
Nipper Camp. I'm a surf club kid  
Nipper Camp. See what I did!*

*I'm sweaty, grumpy, and hungry too.  
I'm a legend kid  
Freo champion number one.  
Yeah I did.  
So we going surfing.  
A snorkel too  
And jump off the rock  
Go back for a poo.  
Got a spotlight on tonight  
Will use all my might.*

### CHORUS

*Nipper camp. Oi, oi, oi  
Nipper camp. Oi, oi, oi  
Nipper camp. Oi, oi, oi  
You're dynamite  
Nipper camp. Oi, oi, oi  
And you'll win the fight, Oi, oi, oi  
Nipper camp. Oi, oi, oi  
You're a power load, Oi, oi, oi  
Nipper camp  
Our hearts explode!*

## Twilight Nippers

For the second year, our twilight nippers program was a huge hit. The Club Championships ran very smoothly with some very vibrant competition. Thanks to the evolution of smart devices, several age groups were spotted checking very close finishes for accurate results. All of the nipper participants made our Club very proud with their displays of sportsmanship and encouragement. Twilight nippers comes with a great social vibe, families enjoyed the beautiful sunset outlook from the club with a beverage and a great bite to eat from local restaurant Jessie's Cafe.

## Little Nippers Carnival

Fremantle Surf Life Saving Club hosted its very first Little Nippers Carnival this year. More than 400 Under 8's and 9's from Albany to Two Rocks came to our club to learn the ropes of competition and get a taste for carnivals.

Our kids and parents made us very proud, with their commitment to making the carnival run as smoothly as possible. Team spirit was

Surfing at the Nipper Camp is always a hit !

*A big turnout of happy smiling faces at Nipper Camp*

strong with 20 Under 8's and their families staying back after the completion of competition to support Ajay Goyen, who made it through to the finals of the flags.

### State Champions

Sadly, the season was abruptly cut short due to COVID-19 restrictions, which meant the immediate cancellation of the State Championships on the eve of competition.

Luckily our Little Nippers State Championships was able to run two weeks prior, with some fantastic results for Fremantle. Individually, Jemima Mills from the Under 8's won silver in the beach sprint, Flynn Dreverman finished 4th in the Under 8 board race and surf race, and Torah Howe took out the silver medal for the Under 9 surf race.

We know how disappointed the other age groups were to not participate in the State Championships, but we know this will make them hungrier for competition for the 2020-21 season.

### SLSWA Nipper Club Achiever Award

Our Club nominated Rachel Webb as our representative for the Nipper Club Achiever award. This annual award is presented by SLSWA to recognise the service and dedication of our hard-working Nippers. Rachel is considered an outstanding candidate and one the Under 13's are particularly proud of.

Rachel has been a model member of the club and we could not be prouder that she is part of 'Team Freo'. Rachel is self-motivated, strives to achieve her very best across every activity, is a highly respected member of the Under 13 age group, always displays a positive, respectful attitude and is an outstanding role model for her peers and younger club members.

When Rachel first joined as an Under 7 nipper, she was very tenuous about entering the water, though she was already an accomplished pool swimmer. Rachel overcame her significant fear of open water swimming to become an outstanding performer across the water arena. She not only bests her female peers, but regularly outperforms her male peers when racing together. Rachel's achievements are supported by her tenacious attitude, she never gives up or gives in, and digs deep to prove herself, not to anyone else, only to herself. She is humble in victory, which is a rare gift in a young woman (or man) these days.

Rachel shows her love and commitment for the Fremantle SLSC through her respect and service. She always volunteers where she

can, follows instructions carefully and helps others. She listens respectfully during training, never mucks around or talks when coaches are instructing and is part of a family that is committed to the goals of Fremantle SLSC. Rachel will continue to be an outstanding member of the Club and we look forward to seeing her on patrol next season, with her family.

### Lifesaver of the year recipients

Congratulations to all our nippers who will receive their Surf Education Certificates at the beginning of the next season. While all of our junior members are brilliant, there are a few who were awarded the prestigious Lifesaver of the Year medals for the 2019-20 season. Congratulations go to -

<i>Under 6</i>	<i>Hannah Sawyer</i>
<i>Under 7</i>	<i>Esther Gregorevic &amp; Liam Palmer</i>
<i>Under 8</i>	<i>Charli Lanshaw &amp; Ajay Goyen</i>
<i>Under 9</i>	<i>Savannah Blackwood &amp; Will O'Hehir</i>
<i>Under 10</i>	<i>Greta Evens &amp; Seth McGowan</i>
<i>Under 11</i>	<i>Matilda Power &amp; Edward Davis</i>
<i>Under 12</i>	<i>Cassia Audeyev &amp; Charlie Davis</i>
<i>Under 13</i>	<i>Milly Sullivan &amp; Samson Connolly</i>

*Nipper Club Achiever - Rachel Webb*

have the best experience possible for 24 weeks of the year. This doesn't start in mid-October when our excited nippers arrive to start the season. It's all year round. Without the crew in bright yellow, our nippers program would not be possible – thank you for your tireless effort year in and year out.

While we didn't finish the season as we had hoped with the usual celebrations, we hope to see you all back for an awesome 2020-21 season.

Without out our amazing cohort of generous volunteers we wouldn't be able to share in all the successes of this past season. On behalf of the club, we'd like to thank our nippers and their parent support group, the water safety volunteers who got wet, rain, hail or shine; our Water Safety Coordinator, Ian McLachlan for making sure all our nippers were safe week in and week out; our weekly patrols, IRB teams, officials and trainers who have helped with both the surf education program at Leighton Beach, and some long hours at carnivals; our Junior Competition Coordinator Neil Dickson for his expertise and support; Tony Bowers, who immortalises each season with some fantastic photos and brilliant memories. The biggest thank you goes to our AGM volunteers. This group of dedicated people put in some long hours both on and off the beach to ensure our massive nipper cohort

# Youth Development Report

■ David Moody

Where do I start to describe the 2019-20 season ?

As a newbie to the Youth Manager role, I needed to get my head around the many different drivers for 200+ kids wanting to be involved in Youth. For some, it was purely social; for some, it was the adrenaline rush of competition; for others, it was personal fitness; others again, the wish to be involved in community activities, be part of a community and contribute to that community. For some, maybe many, it was all of the above.

Given the complexity of the drivers, a group of us decided prior to the season, over a few social drinks at the TradeWinds, to have a Committee of Youth to drive the activities, rather than being heavily reliant on an individual attempting to come up with the ideas that cater for all. I am immensely grateful to the support and encouragement of this group of positive, creative and fun people that have supported me in this role - John Marsh, Tim Gibbons, Maddie Stockden, Paul Whitby, Ken Cheney, Gavin Folley, Tracey Irving, Penny Fegan, Andy McIntyre and whenever required, despite his many other roles, John Skipsey. Thank you all !

And now to the most important people – the Youth Members themselves. It was a pleasure to have been your Manager this year and thank you for your enthusiasm and commitment to our Surf Life Saving Club. I hope that from your involvement this year, you have felt the benefit of being involved in a Community Club, contributing to the Community whilst having fun so doing. Further, I hope that you have felt through your involvement your skills and fitness have been enhanced, and your friendship groups enlarged. If this is the case, then I feel encouraged that the Management Committee of Youth has achieved its aims.

In total, we had 223 Youth sign up for a season of fun, fitness and learning, and for much of the season that's the way it was. But as we built up to the crescendo at the back end of the season, we were all sent home to bunker down amid the Coronavirus doom.

But let's focus on the positives.. We had a great spread of Youth across all age groups -

Under 14	48
Under 15	50
Under 17	88
Under 19	37

Of this cohort, 58 Youth successfully completed their SRC training and commenced Patrol, contributing to the primary role of Club to provide Surf Life Saving protection for members of the public.

A further 48 Youth members graduated with their Bronze Medallion - these Youth demonstrating a higher level of competence and ability as Surf Life Savers.

A further five Youth signed up to Surf Living Saving WA Leadership programs. Such individuals are likely to be critical members of the Club in leadership roles in future years – congratulations to those that have taken these opportunities. This is an area that I recognize needs more support from the Youth Management in the future.

The Youth members naturally migrated to those areas of the Club fitting their levels of skills and interests.

## SRC Training

For the U/14's - shepherded by their Nipper program AGM's Tim Gibbons, Tracey Irving, Penny Fegan and the additional U/15's - congratulations for putting the effort in to complete your SRC training. And a huge thank you to Cath Morgan and her extended team (John Price, Jess Simpson, Jay Morgan, Dave Creasy, Matt Coleman, Keely Aiken Fox, Liam Burke, Maddy Stockden, Kate Burke, John Skipsey, Kate Silipo and Annie Nunes) for providing the SRC training. You are all legends and your knowledge and commitment are amazing !

## Bronze Medallion Training

Mike Shaw led the training of three cohorts of Youth through Bronze Medallion training – thank you again Mike. The first course was an intensive, one-week training session during the cold of September for the dedicated and committed. A second, training course was held during October to December with a larger group of Youth. A third course, another intensive session, was held in January for those that enjoyed the warmth of summer and considered Bronze medallion training as a "holiday"! Well done guys and girls, you are our future life savers.

## Surf Sports

A big thank you to Craig Ashworth for his enthusiasm in running the Surf Sports training sessions during the season and attracting 20–25 committed U/14's, U/15's and first year U/17's. I was in constant admiration of the time and effort that your group put into enhancing skills during the season. Well done !

## Youth Leadership

The Club had three Youth members that signed up for the Youth Leaders Program run by Surf Life Saving WA -

The 2020 RISE UP squad at Pemberton

*Pleased to have completed their course - our SRC graduates*

*Jack Hadley (Silver)  
Cameron Currey (Bronze)  
Jason Dean (Bronze)*

Additionally, two more youth members enrolled in the Youth Officials Program -

*Phoebe Ashworth  
Joseph Coleman*

Congratulations to these outstanding Youth members for extending themselves in this manner.

In recognition of the outstanding contributions made by some Youth members the following were nominations were made for the Leadership Camps -

Teamwork, Opportunity and Development (TOAD) Camp

*Cameron Curry  
Claire Dean  
Jess Stackhouse  
Sienna Robinson*

RISE Up Camp

*Sienna Ashe  
Jordan Kohler  
Tupou (TJ) Chong Sue  
Kate Silipo*

Unfortunately, only Sienna and Jordan were able to attend the Rise Up Camp. Phoebe Ashworth was also selected but was unable to accept the nomination due to competing activities.

### Encouragement Awards

Due to outstanding levels of involvement and commitment in a whole range of activities, the following Youth members have been recognized for their Club contribution.

*U/17 Encouragement Award Jordan Kohler/Phoebe Ashworth  
(joint winners)  
U/15 Encouragement Award Jack Hadley  
U/14 Encouragement Award Eben Prinsloo*

### Sunday morning activities

For many Youth, the season revolved around the Sunday morning activities which combined fitness, life saving skills training and fun activities. The standard routine of warm up runs, stretches, beach swims, boarding, surf rescues, beach volley ball etc were complemented by training to use the Club skis (thanks Jon Standing and crew for your help) and the surf boats (thanks Nick Palmer and crew for your help). The surf boats were a season highlight for many.

### Social activities

One of the key elements of the Youth Program is to encourage social engagement and making life at a Surf Club fun and enjoyable in addition to the education and skill development components. To this end a number of "off-site" social activities were organized:

#### Bouldering

Thanks to Marshy for organizing this great event and supplying the bus for transport - seeing that huge group of excited Youth pile into the Fire Bus was a highlight for me! As an early season event, it provided the Youth a chance to get to know each other off the beach and proved incredibly popular.

*Sunday morning activities included giving surf boats a go!*

#### Youth Sleep Over at Club - Silent Disco

The Youth Sleep Over (maybe remove the word "sleep" from that title!), organized by Paul Whitby, included a very popular Silent Disco.

#### Surf School

Another popular event was the surfing lesson at Scarborough Beach provided by Keith de Kretser of Scarborough Surf School. A gorgeous day, great surf, followed up with a relaxing BBQ for parents and Youth on the foreshore. Thanks to parents who provided transport and general help on the day.

In conclusion, I look forward to seeing most, if not all, of the Youth back on the beach next season and thank the Club for providing such a great environment for fitness training and the development of skills and leadership for our younger community members.

*Encouragement Award winners - (from left) Jordan Kohler, Phoebe Ashworth, Jack Hadley and Eben Prinsloo*

## Medallists & Finalists at the Australian Surf Life Saving Championships

Cancelled due to Coronavirus pandemic

# Director of Surf Sports Report

■ Jon Standing

The COVID-19 pandemic and government restrictions brought the 2019-20 season to a sudden and premature end, that has left all members of our club disappointed. However, on a positive note, the quick response of government and the cooperation of the public averted a health catastrophe. As I write this report, the restrictions are easing and we are slowly heading back to the new normal!

So, in an abbreviated season, what happened? As always, the season kicked off with the Pool Rescue Competition, a discipline which Fremantle excels, and a regular top-three contender. This season was no different, pushing Trigg all the way to the finish, and coming second on 584.5pts gaining 30 State Titles, 33 Silver medals and 29 Bronze medals across the age groups. Top individual points were earned by Harrison Hynes (36) and Phoebe Ashworth (31) in Youth and Opens, respectively, and Peter Traeger (26) and Tracey Shaw (18) in Masters. Such magnificent results earned Western Suns representation for Phoebe Ashworth, Harrison Hynes, Alison Webb, TJ Chong Sue, Archie Davis and Kelton Rothnie. Pool Rescue Aussies were hosted by the Gold Coast and Fremantle did exceptionally well, finishing 9th out of 29 clubs in Youth-Open Males, 20th out of 32 clubs in Youth-Open Females and 12th out of 22 clubs in Masters. Harrison Hynes won a National Title in Youth 50m with Fins, in a time faster than the Open Men's final. In addition to this National Title, we came home with 3 Silver medals and 3 Bronze medals. Congratulations to all the competitors and coaches for yet another highly successful Pool Rescue campaign.

Leighton Beach was host to the opening round of the IRB Racing Season and Mullaloo continued their fine form from last season. State Championships were little different with Mullaloo winning the Title by a country mile and Fremantle edged out by runners-up Scarborough by just 1 point.

In the Endurance State Champs, a small team brought home 3 State Titles, 5 silvers and 3 Bronze medals.

It continues to prove challenging to get decent numbers of older Youth and Open members competing over the busy calendar presented by SLSWA. This has resulted in Fremantle relying upon a core group of elite level youngsters to represent the Club and these kids have done a fantastic job lining up against Senior competitors almost twice their age in Surf League and team events at Sunsmart carnivals. Reinvigorating participation in senior competition must be a priority for the next Committee.

In contrast, the Surf Boat Rowers have gone from strength to strength this season with good numbers of crews training and culminating in an outstanding Gold Medal row by the 'Mad Fish' U19 male crew at the Short Course Championships at Albany. This race was pretty much the last State title run before the cancellation of the season, so we finished on a high, and spectating at this race was definitely the highlight of the season for me.

*'Mad Fish' Under 19 male surf boat crew (Jake Silipo, Jack Beaman, James Currey, Ethan Shaw, Darren Miller sweep) - winners of the Ron Bennett Medal*

Masters States, held at Ocean Beach Denmark, was really the only successfully completed Summer State Titles, and only in the 'knick of time' as the weather turned nasty the following day. Top marks to SLSWA for choosing a fantastic venue and I can personally vouch for how much the grey-haired folk enjoyed it. Fremantle Masters has such a strong team culture and vibe and we did the club proud finishing 4th out of the 21 clubs present. Our haul included 13 Golds, 9 Silver and 4 Bronze medals.

I wish to thank all the competitors for putting in the hard work at training and representing your Club at Carnivals and State and National Titles. The setbacks this year will make you hungrier for success next season. On behalf of the Surf Sports Committee and competitors and the Club I would like to thank our Club Coaches for the many hours spent working on training programs, guiding, motivating and keeping our athletes focussed throughout a long pre-season and early competitions. I thank our officials and those

members who signed on for first aid and water safety rosters guaranteeing the athletes a race. I thank our administrative team for efficiently running carnival entries in the background. And finally a big thank you to my committee and in particular Craig 'Ashie' Ashworth for taking on the massive workload of Surf Sports Manager, as well as coaching boards and pool rescue – a Herculean effort.

This is my last season as Director of Surf Sports and I wish the incoming Director and the new Surf Sports committee well for the challenges ahead.

*Masters Beachies at States on Ocean beach, Denmark*

# Board Captain Report

■ Tony Watson

Summer 2020 enjoyed a fresh, more professional approach to training, leading to a fitter, high performing group of athletes. Whilst COVID 19 impacted the opportunity for many of our athletes to compete at a State level, a new standard around structure has been set along with the introduction of several new initiatives!

The Club and its board-paddling community can be very appreciative for the time and efforts of Craig Ashworth. 'Ashie' delivered a program dedicated to the development of athlete's fitness, skill sets and preparation prior to competing. As always, Matt Elliot provided a great level of support and input on the weekday sessions whilst Mark Muir supported at Carnivals and on the weekend sessions.

Archie Davis (above) and Kate Collins are our Open Board Club Champions

Initiatives driving a more elite Board program included earlier start times, an increased variety of training programs and greater physical outputs on a weekly basis. Across the Christmas New Year break, the Surf Sports Team organised an intensive Masterclass,

attended by over 15 athletes tackling 10 sessions across 5 days at both Leighton and Secret Harbour. The initiative was incredibly successful with athletes gaining an understanding of the workload required to improve competitiveness. In mostly trying conditions at Secret Harbour, all those who participated challenged themselves in heavy inshore conditions. To ensure the success of the program, Mark Muir took each session and guided the team along the way. Mark formerly competed at the highest level on the East Coast and has fantastic experience and knowledge to share. He was also selected as the Ocean Coach for the Western Suns Youth Pathways team!

Without doubt, our Junior and Youth participants grew as athletes across the Summer of 2020. Their improvement in the areas of strength, fitness and technique were noticeable, providing for exciting times to come! Our Masters athletes as always, performed well at States.

To all those that assisted with Boards, the Club is thankful. This includes Shane Braddock, Pete Smith and several other parents who looked after Nippers! To the Surf Sports Committee and the Board we are also thankful. Our equipment remains of a high standard, with several new boards made available for use.

As a group we look forward to a new season, taking our training and performances to the next level, both at the Club and in competition!

Masters gold medals to our 130+ Board Relay teams (above, from left, Tracey Shaw, Jette Oksis, Fi Carroll - below, Rob Vinci, Matt Elliott, Brad Ravenscroft)

# Swim Captain Report

■ Craig Ashworth

Another great season in the Double Blue and Yellow cap, our swimmers and Iron Persons have risen to the occasion once again.

## Endurance Championships

We had several athletes hit the water early to train up for the State Endurance Championships and were well supported, giving some great results in the Nipper Gold (Long course Iron) and the 3Km swim.

Results in the Swim Races -

Phoebe Ashworth - Bronze in Open & U/17  
Kate Collins- 1st in U/19 (No medal as not enough entrants)  
Lexi Menin - Silver in U/14  
Imogen Ashworth - 5th in U/14  
Jette Oksis - 4th in Masters  
Nic Collins - 5th in U/15

## SLSWA Junior/Senior Carnivals

Plenty of good results were returned across the Individual Surf Races as well as the Surf Teams events. Our Junior and Youth Competitors where the standout performers across the board with multiple top 6 place getters throughout the season to earn vital points for the club.

## Masters State Championships

Once again, our Masters showed the way with a decent medal haul at the State Championships in Denmark, Results are -

130 Min Female Surf Teams - Gold (Oksis, Shaw, Carroll)  
110 Min Male Surf Teams - Silver (Morgan, Clarke, Carbon)  
140 Min Male Surf Teams - Silver (Ravenscroft, Elliott, Vinci)  
50-54 Male Surf Race - Silver (Elliott)  
50-54 Female Surf Race - Silver (Shaw)  
40-44 Female Surf Race - Gold (Carroll)

## Fremantle SLSC Club Championships

The Fremantle SLSC Club Championships are run over several weekends with three different events up for grabs: HMAS Sydney II Tube Race, 1600m swim, and the standard Surf race.

Surf Race Open female Club Champion and winner of the 1600m trophy swim - Phoebe Ashworth

Winner of the 1600m trophy swim and the Sydney II Open male tube race - Archie Davis

We had strong performances in many SLSWA events (State Endurance Champs, Senior and Junior Carnivals) and also swim events sitting outside our standard banner, such as the Fremantle Ocean Classic, Swimming W.A Open Water Series, Rottnest Channel Swim, Indian Ocean 5000 and the Cott to Swanny Classic. Covid-19 put a halt to the Port to Pub and both the State and National Swim Championships.

Our Sunday Mornings still had a great turn out for the Club swim - with a majority Youth and several statespersons of the club engaging in this activity as a nice relaxed way to start the day. We could do with a dedicated Club Swim coordinator next season, if anyone is interested ?

TJ Chong Sue's winning style in the Club Championships Open male Surf Race

In Iron Person Racing, this year we introduced an Iron session into the mid-week training to focus on transitions and then a standalone Iron Person Training session on a Sunday Morning before Nippers and Youth groups. This session was coached throughout the season by highly experienced Iron Coach Mark Muir. Mark was rewarded for his knowledge and skills with selection as the Youth Ocean Coach for the Interstate "Western Suns" challenge. This is great for both Mark, the athletes and the club.

Stella Watson won the Sydney II Open female Tube race

# Pool Rescue Report

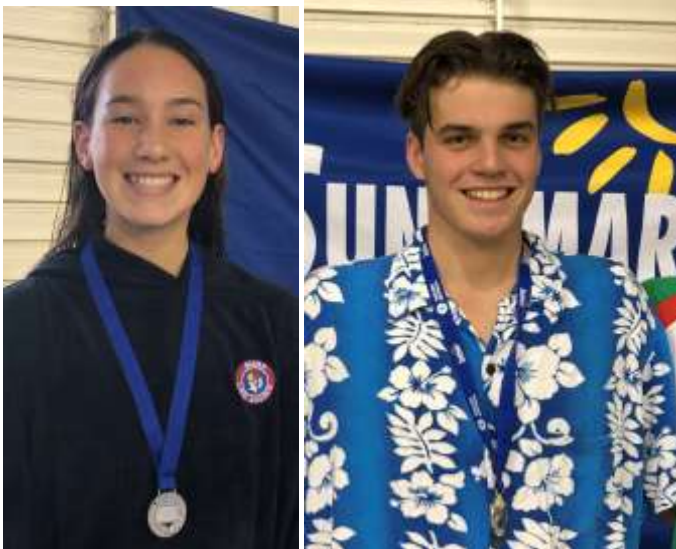

## ■ Craig Ashworth

After taking out the inaugural Pool Rescue Championship Trophy in the 2018 Series, Fremantle SLSC backed it up with an impressive 2nd place overall in the 2019 series. Unfortunately, insufficient team numbers from other clubs precluded the running of many relays, effectively robbing us of vital relay points. Regardless, this result is still an awesome achievement and testament to our competitors, coaches and supporters who pulled together to have a great season. We had a strong and reasonably large contingent of swimmers in the Junior and Masters divisions, but we were a bit light on in the Youth and Senior ranks. Nevertheless, those who competed did so to the best of their abilities.

We finished with a record total of 89 Medals, comprising 30 Gold, 33 Silver, and 28 Bronze medals. Standout medal winners (and their points accumulated) include -

*Harrison Hynes – 36*  
*Archie Davis – 35*  
*Kelton Rothnie – 32*  
*Phoebe Ashworth- 31*  
*Alison Webb – 22*  
*Bec Brook – 22*

*Leading medal winners for Fremantle at Pool Rescue States*  
*Phoebe Ashworth and Harrison Hynes*

All Medal winners can be found in the 'National and State Medals - 2019-20' tables at the back of this report.

At completion of the Championships, the Western Suns Pool Rescue Team was announced, with six of our members making the team as a reward for their success at the State Championships and the season leading up.

*Harrison Hynes – Under 17 Male*  
*TJ Chong Sue – Under 17 Male*  
*Alison Webb – Under 17 Female*  
*Kelton Rothnie – Under 15 Male*  
*Archie Davis – Under 15 Male*  
*Phoebe Ashworth – Under 15 Female*

The Australian Pool Rescue Championships were conducted on the Gold Coast in August. As a club, ten of our Fremantle competitors made the trip over, and in total they came home with 10 medals and lots of Personal Best times to finish a commendable 20th out of 40 clubs. The medal tally was one Gold, 3 Silver and 6 Bronze medals.

*Fi Carroll, Rachelle Doyle, Tracey Shaw and Jette Oksis*  
*Gold medal for 200m Medley Relay*

*Eben Prinsloo, Kalani Chong Sue, Thomas Dreverman, Jake Gooding*  
*Gold medal for 200m Medley Relay*

*Archie Davis, Johann Szymanski, Jack Della Marta, Kelton Rothnie*  
*Gold medals for Medley Relay, Manikin Relay and Obstacle Relay*

*Milan Bazley, Jess Gooding, Sienna Menin, Phoebe Ashworth*  
*Gold medal for 200m Medley Relay*

# Ski Captain Report

■ Annabelle Standing

Our Youth ski paddlers displayed significant development during the 2019-20 season. There were strong numbers on Saturday morning training sessions throughout winter and summer. These sessions brought in a large number of young paddlers, which is great for the future of our ski program.

Several of our Youth paddlers competed in senior carnivals during the season and had great exposure to state level racing. The SLSWA State Championships and Aussies were unfortunately cancelled due to COVID-19, which brought the racing season to an unexpected end. However, Club Championships was run in early 2020 and we had a large number of ski paddlers compete. Well done to all paddlers on their results.

Thank you to all the coaches for their hard work and assistance throughout the season; in particular: Jon Standing, Kevin Housham, and Annabelle Standing. A special thank you to Guy Power for supplying us with an excellent program. Well done to those paddlers who trained, we look forward to seeing you at this year's ski training!

*It was a father/daughter result at the Club Championships for Open Skis  
Jon Standing (above) and Annabelle Standing*

*Ken Ringrose (right) took home Bronze in the 55-59 male Single Ski at Masters States, then partnered with Jon Standing to a Bronze in the 50-54 male Double Ski*

*Sandra Miller, in her first competitive hit-out in the Ski, anchored Fi Carroll and Tracey Shaw in the Masters States Female Taplin and brought the team home to a Silver medal!*

# Surf Boat Captain Report

■ Nick Palmer

Excitement and anticipation for the coming season saw a great turnout of rowers for preseason training in the gym. Excellent instruction and coaching was provided by rowing coach Nick Wilson and strength and conditioning coach Lawson Mills.

Preseason events are becoming more prevalent with the Albany Surf Craft Challenge in June, the Avon Surf Challenge in August and Endurance Championships in October all having crews entered from Fremantle.

The Country Carnival this season was a great success, held at Smith's Beach, Yallingup in perfect conditions.

The Masters State Championships and Surf Boat Short Course Championship were planned to be held at Ocean Beach Denmark. However, adverse weather conditions saw the event relocated to Middleton Beach Albany. Unfortunately, this event was cancelled after partial completion due to other events operating in Albany.

## Competition

*Ferals (U/19 Women, Sweep Colin Duffield, Kate Silipo, Millie Sales, Jordan Kohler, Hayley Wallwork and Lily Skipsey)* The crew had a solid pre-season in the gym and benefitted greatly from rowing coaching on the ergos. In their first season of rowing, they had little experience in the surf until the State Short Course Championships in difficult conditions at Middleton Beach. Wonderful effort through the season from this crew.

*Ferals*

*Mungrels (U/23 Women, Sweep Morry Vaughan, Bec Brooke, Sascha Martin, Tessa Miotti and Katie Grayson)* Began the season strongly with third place Open Women in the Endurance Championships.

*Mungrels at the State Endurance Championships*

*Little Creatures (Reserve Women, Sweep Morry Vaughan, Rachel Hatton, Holly Bacon, Rose Bacon, Sherrie Robson and Bianca Valencia)* Experienced, fit and strong with high hopes for success in a season cut short.

*Little Creatures*

*Mad Fish (U/19 Men Men: Sweep Darren Miller, Jake Silipo, Jack Beaman, James Currey and Ethan Shaw)* Keen to learn, committed and thirsting for competition, what more could a sweep ask for. A leading contender in their division, they also held their own against Reserve and Open crews at carnivals, placing fifth in the A final at Smith's Beach Country Carnival. The highlight of the year was their U19 Men Gold Medal in the Short Course Championship at Middleton Beach in tough conditions.

*Mad Fish at the Country Carnival, Smiths Beach*

*HCM (Reserve Men, Sweep Nick Wilson, Nick Palmer, Ken Ringrose, Dean Davidson, Dylan Ewart and Dave Gunther)* Another enjoyable season, swept by Nick Wilson while he worked towards his sweep accreditation. The crew rowed at the Masters State Titles at Middleton Beach with a silver medal in 200+ Men, due mainly to the excellent sweep skills on the day by Paul Hardy.

*Fajitas*

*HCM Masters*

*Power Radars (U/23 Men: Sweep Darren Miller, Connall Hansford, Alex Steffans, Jack Higgins, Nick Poynton with Jackson White)* Recruited by Darren from Curtin Rowing, they showed great potential in their first season of surf.

*Power Radars*

*Fajitas (Open Men, Sweep Ben Gleeson, Andrew Robson, Pat Wilson, Alec Vukovich and Liam Burke)* Excellently prepared and very competitive crew with success at carnivals including third in the Albany Surf Craft Challenge and first in the initial Surf League at Secret Harbour. An extremely promising season cut short.

*Fruit Pickers (Reserve Men, Sweep Michael Cameron, Nick Wilson, Sean Hooper, Lawson Mills, Aklie Braddock and Spencer Cranston)* formed a crew after Christmas with their goal the State Championships.

*Most Improved Rowers - Mad Fish U/19 male crew*

### Most Improved Rower

The U/19 Madfish crew of Jake Silipo, Jack Beaman, James Currey and Ethan Shaw all stepped up their preseason training and demonstrated commitment, dedication and courage during competition that made us proud, ultimately winning the U/19 Men Short Course State Championship.

### Boat Person of the Year

Darren Miller continued to improve both his coaching and sweeping skills while taking on the weight of training two crews this season - never an easy path with the time demands involved. He was instrumental in recruiting his U/23 Men's crew from Curtin Rowing Club and was active in their integration into our Club. Always available to assist with maintenance and representing Fremantle at WA Surf Rowers League meetings, he was always striving to learn and improve the skills of himself and his crew.

*Darren Miller - Boat Person of the Year*

### Officials

Thank you again to Greg Whipp and Peter Wyburn for your dedication and commitment.

### Sponsors

Funding has been raised with input from our club, Larry and Margaret Tilbury, Fremantle Ports and Mike Shaw for the purchase of a new surf boat. An order has been placed with Perry Surfboats for delivery in 2020.

### Special Mention

It's great to see our increasing number of parents and supporters attending carnivals and providing support during training or travel to events. Once again Tony Silipo and Karen Carmody have been invaluable for advice and offers of help and for the recruitment of young rowers.

I'm hopeful the path we are travelling will improve our competitiveness and lead to our regular participation in the Australian Surf Rowers League Open and Australian Championships.

# Masters Captain Report

■ Fi Carroll

We certainly won't forget the 2019-20 surf lifesaving season!

After all the solid training put in over the summer months, the Fremantle Masters felt extremely lucky (in hindsight) to have had the opportunity to compete at the State Championships in early March. Who would have imagined, at the time, that a couple of weeks later all State and National Surf Lifesaving competitions and events would be cancelled for the remainder of the season!

Fremantle had a big crew of Masters embark to Denmark for the March long weekend to compete at the State Championships. Ocean Beach turned on its charm and presented us with a superb day - offshore winds and consistent, good-sized waves. Our Masters excelled in these surf conditions, often beating clubs like Trigg and Scarborough in many of the water events. This was very impressive considering our club is located at a beach with very minimal surf all summer!

Jack Dowie and Jette Oksis picked up gold in the 2km run

Gold medals were won in the Female Surf Teams 130+, Female and Male Board Relays 130+ and Rob Vinci and Brad Ravenscroft won gold for their Board Rescue. There were many other silver and bronze medals won throughout the day.

A few team drinks to celebrate our success on the balcony of the Denmark SLSC was the perfect end to a great day! The following weekend, the Masters team came together at the Fremantle Surf Club to scroll through the photos and reminisce on our great day at Ocean Beach. Thank you to Ken Cheney who was our "official" photographer and captured many great moments.

Training continued after States as a few masters prepared for The Aussies campaign on the Gold Coast. However, this all came to a grinding halt a couple of weeks later, after receiving the inevitable but devastating news that The Aussies was cancelled due to the outbreak of Corona Virus. It was time to sit

Beach relay golds for the 200+ male (Jack Dowie, Dorian Moro, Matt Elliott, Dave Carbon) and 170+ female (Fi Carroll, Jette Oksis, Cherie McLachlan, Maryann Kelleher)

Fremantle's success started early on the beach with Jette and Jack both winning gold in the 2km run. This was swiftly followed by our beach relay competitors churning up the sand and bringing home the gold medals in both the male 200+ Beach Relay and female 170+ Beach Relay. Fremantle continued its medal haul on the sand with our newest master competitor, "Speedy Gonzalez" Dorian Moro, going head to head with his main competitor and team buddy, Dave Carbon, in sprints and flags, with them coming away with gold and silver medals in both events! Well done to Cherie McLachlan who won gold in her sprints and silver in beach flags and to Sandy Miller who got a bronze in beach flags.

Then, it was onto the water arenas where the medal haul continued in both individual and team events. There were many great moments throughout the day but a couple of major highlights included Sandy competing in the Taplin Relay with myself and Tracey Shaw. This was Sandy's very first competitive ski race; she absolutely nailed it and was on an absolute high (as were we!) when we won the silver medal. There will be no stopping Sandy next season! David Carbon was also on a high after winning his first ever "water" medal! David came away with a bronze in the Surf Teams race with his team mates Ian Clarke and Jay Morgan. Big expectations for you next year, DC!!

back and reflect on a season well done and look forward to a bigger and stronger season in 2021.

A big thank you to our coaches Ashie, Matt Elliott, Jon Standing, Jack Dowie and Dorian Moro for keeping us fit and motivated throughout the season. The generosity of your time, to coach on a voluntary basis, is a true reflection of your character and commitment to our club. We wouldn't achieve the success that we do, without you.

To my 'Dream Team', thank you for another outstanding season. Our team spirit and genuine sense of community makes me proud to be Captain of the Fremantle Masters.

Rob Vinci (left) and Brad Ravenscroft are happy with their gold in the 45-49 Board Rescue

Dorian Moro (left) and Dave Carbon went 1-2 in both 50-54 Beach Sprint and Flags

# IRB Captain Report

## ■ Elisabeth Pitts & Lawson Mills

The IRB racing world has been increasing in size over the last few years and has now become extremely competitive in Western Australia, with many clubs dedicated to improving the sport. The Fremantle IRB leadership team has been focused on youth development, and as a result we have a very young team. Our aim is to continue to welcome new members whilst still exhibiting a high level of skill in both competition and patrol environments.

The 2019-20 IRB season has been interesting due to COVID-19 causing competition and training to be postponed. Unfortunately, for many members of the Fremantle IRB team, competition and training now clash with other commitments. However, despite these disruptions we still have had a small but dedicated racing team. We are so proud of how far our team has come in regard to skill development and technique. We would like to take this opportunity to thank our Head Coach John Summers. Without his support and guidance, we wouldn't be half the team we are today. John has played a huge part in skill development, maintenance and repairs of our crafts and equipment.

*Gold at IRB States for our Female Tube crew - Jess Klessens (left), Jake Silipo and Maddie Shaw*

IRB is about so much more than competition. This season, we have decided to prioritise development over racing. Our crew and driver courses allow participants to gain the skills to perform rescues safely and efficiently. Thank you to our amazing trainers Jodie Pink, Ben Pink and Dylan Ewart for continuing to give up your time to ensure more patrolling members at Fremantle SLSC are able to gain the skills and techniques to operate an IRB.

Our IRB drivers and crews make up an essential part of our patrol teams and ensure ongoing safety of beachgoers. They also give up their time to provide water safety at carnivals to allow other disciplines to compete. I would like to thank everyone who has volunteered their time to allow these competitions to run smoothly and safely.

*IRB Person of the Year, Etienne Prinsloo with his daughter Amelie*

The IRB Person of the Year award is presented annually to a member of the Fremantle IRB Team for extraordinary contribution to the sport in a number of areas. The award honours an IRB person who embodies commitment and dedication to the team through racing, patrols, water safety and education. Our IRB person of the year this season is Etienne Prinsloo who contributes to all aspects of IRB and is an excellent role model. Etienne has raced and represented Fremantle in a number of competitions over previous seasons, contributed a huge number of hours to water safety and assisted trainers with both crew and driver courses. He is always willing to help and is the perfect example of a great IRB person.

We would like to acknowledge all the parents who drive their children down to IRB training every Sunday. Also special thanks to Karen Carmondy, Tony Silipo and Tracey Irving for going above and beyond to assist with providing food post training or mid carnival.

Finally, we would like to say thank you to our sponsors for your continued support over the season.

*The current IRB racing crews at training*

# Juniors Surf Sports Report

■ Neil Dickson

**W**e almost made it to the State Championships ...

We were fortunate to get through the Little Nippers Championships in early March at Sorrento, with the Junior State Championships beach events planned to start the following weekend. Two hours before the first Juniors event, everything ground to a halt due to Covid-19.

As devastating as it was, especially for our U13's as this was their last State Championships in the Juniors ranks, many great and fun carnivals were still had during the season, where our Nippers got to show off their beach and surf skills against the State's best and as we do every year we did not fail !

## Little Nippers

Our youngest competitors (U/8's and U/9's) competed in three carnivals during the season, leading towards the State Championships at Sorrento. These carnivals were aimed at introducing our kids to surf sports in a less competitive environment. They get used to course layouts, having events run by officials (as opposed to parents) and the thrills of parents and family cheering them on. Events included beach sprints, flag, surf race and board race.

*Our silver medallists in the Little Nippers State Championships - Jemima Mills (left) for the U/8 Beach Sprint and Torah Howe in the U/9 Surf Race*

*Our Little Nippers U/8 girls at States*

As the host of Round 2 in February, we had a great opportunity to showcase our club and team spirit. We had a great turn out of Fremantle competitors and over 200 Little Nippers on the day with their smiling faces!

Well done to all those that competed in the Championships this year. You did your parents, AGM's and Club proud !

## Nippers

There were three Nipper Carnivals this year with City Beach being a new edition to the circuit. State Qualifiers were held at Mullaloo where we got many of our Nippers through the Qualifying events and into the State Championships.

## Country Carnival

We all travelled south to Smiths Beach for the Country Carnival this year. Being a new club, this gave Smiths Beach the chance to show off their beautiful beach and surf conditions. There were good numbers from Fremantle in attendance with all age groups represented.

## Thanks

Our Carnivals only run well as a result of the fantastic efforts of all our volunteers. For each carnival we need officials, water safety, IRB Crew and Drivers for various arenas. Without these volunteers, our club is not allowed to compete at these events. A big thank you also to our core group of parents that regularly commit time to help. For next season, we will need more assistance so please let us know where you can help.

Looking forward to the coming season !

# Audited Financial Report

Fremantle Surf Lifesaving Club Inc

ABN 34 048 412 533

Directors Report

Your Directors submit the financial report of Fremantle Surf Lifesaving Club Inc for the twelve month period ended 31 March 2020.

## Board members

The names of board members throughout the year and at the date of this report are:

Jack Dowie - President  
Jon Standing - Director of Surf Sports  
Jette Oksis - Director of Administration  
Liam Burke - Director of Lifesaving & Education  
John Skipsey - Director of Development  
Tony Silipo - Director of Finance  
Anne-Marie Nunes - Club Captain

## Principal activities

The principal activities of the association during the financial year were to provide surf lifesaving training and services to members and the community.

## Significant changes

No significant change in the nature of these activities occurred during the period.

## Operating result

The profit from ordinary activities amounted to \$103,997.

Signed in accordance with a resolution of the Board of Directors.

**ABN 34 048 412 533**  
**Notes to the Financial Statements**  
**For the Twelve Months Ended 31 March 2020**

**Note 1: Statement of significant accounting policies**

This financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act Western Australia. The board has determined that the association is not a reporting entity.

The report, except for the cash flow information, has been prepared on an accruals basis in that it accounts for debtors, creditors, employee provisions and prepaid building lease income, but has not included other accruals and prepayments in order to be consistent with year accounting treatment. The report is based on historic costs and does not take into account changing money values, or except where specifically stated, current valuations of non-current assets.

The following material accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

**(a) Income tax**

No provision for income tax has been raised as the association is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

**(b) Property, plant and equipment**

*Property*

Freehold land and buildings are measured at their fair value (being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction), based on periodic, but at least triennial, valuations by external independent valuers, less subsequent depreciation for buildings.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity; all other decreases are charged to the statement of comprehensive income.

Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

*Plant and equipment*

Plant and equipment are measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by the committee to ensure it is not in excess of the recoverable amount of those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets' employment and subsequent disposal. The expected net cash flows have not been discounted to their present values determining recovering amounts.

*Depreciation*

The depreciable amount of all fixed assets, excluding land and buildings, are depreciated over the useful lives of the assets to the association commencing from the time the asset was held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

**(c) Cash on hand**

Cash on hand included cash on hand, deposits held at call with banks, and other short term highly liquid investments with original maturities of three months or less.

**(d) Accounts receivable and other debtors**

Accounts receivable and other debtors includes amounts due from customers. Receivable expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivable are classified as non-current assets.

**(e) Revenue and other income**

Interest revenue is recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument.

Grant and donation income is recognised when the entity obtains control over the funds, which is generally at the time of receipt.

If conditions are attached to the grant that must be satisfied before the association is eligible to receive the contribution, recognition of the grant as revenue will be deferred until those conditions are satisfied.

Cash receipts are recognised as income when they are deposited into the bank account

All revenue is stated net of the amount of goods and services tax.

**(f) Goods and services tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australia Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the assets and liabilities statement.

**(g) Accounts payable and other payables**

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days or recognition of the liability.

**Fremantle Surf Lifesaving Club Inc**  
**ABN 34 048 412 533**  
**Notes to the Financial Statements**  
**For the Twelve Months Ended 31 March 2020**

**Note 1 : Statement of significant accounting policies continued**

**(h) Employee provisions**

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions have been measured at the amounts expected to be paid when the liability is settled

**(i) Leases**

Leases of PPE, where substantially all the risks and benefits incidental to the ownership of the asset (but not the legal ownership) are transferred to the association, are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for that period

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term. Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred

**(j) Impairment of assets**

At the end of each reporting period, the committee reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs of disposal and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised in the income and expenditure statement

**(k) Inventories on hand**

Inventories are measured at the lower of cost or net realisable value.

**(l) Change of accounting period**

It should be noted that the Club changed its financial year end to 31 March as per a resolution passed at the Annual General Meeting in June 2018. Therefore the figures to 31 March 2020 are for a twelve month period, the comparative figures for 2019 are for an eleven month period.

	12 Months 2020	11 Months 2019

**Fremantle Surf Lifesaving Club Inc**

**ABN 34 048 412 533**

**Directors Statement**

In accordance with a resolution of the board of Fremantle Surf Lifesaving Club Inc, the members of the board declare that the financial statements as set out on pages 1 to 12 :

1. Present a true and fair view of the financial position of Fremantle Surf Lifesaving Club Inc as at 31 March 2020 and its performance for the year ended on that date in accordance with the accounting policies described in Note 1 to the financial report and the requirements of the Associations Incorporations Act Western Australia.
2. At the date of this statement that are reasonable grounds to believe that Fremantle Surf Lifesaving Club Inc will be able to pay its debts as and when they fall due,

This statement is signed for and on behalf of the board by:

President

Director of Finance

Dated: 22.06.2020

Perth, Western Australia

**Independent audit report to the Members of the Fremantle Surf Life Saving Club Inc.**

I have audited the accompanying financial report of the Fremantle Surf Life Saving Club Inc. (the "Club"), which comprises the statement of financial position as at 31<sup>st</sup> March 2020, and the statement of comprehensive income and statement of cash flows for the twelve months then ended, notes comprising a summary of significant accounting policies and other explanatory information and the Board of the Fremantle Surf Life Saving Club Inc. assertion statement.

**Responsibility for the financial report**

The Board of the Fremantle Surf Life Saving Club Inc. is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards and the Incorporated Clubs Act of Western Australia and for such internal control as the Board determine is necessary to enable the preparation and fair presentation of a financial report that are free from material misstatement, whether due to fraud or error.

***Auditor's responsibility***

My responsibility is to express an opinion on the financial report based on my audit. I conducted my audit in accordance with Australian Auditing Standards. Those standards require that I comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report whether due to fraud or error. In making those assessment, the auditor considers internal control relevant to the Club's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the Board, as well as evaluating the overall presentation of the financial report.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

***Independence***

In conducting my audit, I have complied with the independence requirements of the Australian professional accounting bodies.

***Electronic publication of the audited financial reports***

It is my understanding that the Club intends to electronically present the audited financial report and auditor's report on its internet website. Responsibility for the electronic presentation of the financial report on the Club's website is that of the Board of the Fremantle Surf Life Saving Club Inc. The security and controls over information on the website should be addressed by the Club to maintain the integrity of the data presented. The examination of the controls over the electronic presentation of audited financial report(s) on the Club's website is beyond the scope of the audit of the financial report.

## Independent audit report to the Members of the Fremantle Surf Life Saving Club Inc. (Cont'd)

### ***Audit Report qualification Basis for Qualified Opinion***

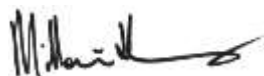

Receipts from Bar, Canteen, Merchandise and other cash fundraising activities are a source of revenue for the Club. The Club has determined that it is impracticable to establish control over the collection of this fundraising revenue prior to entry in its financial records. Accordingly, as the evidence available to me about revenue from these sources was limited, my audit procedures for these aforementioned fundraising activities had to be restricted to the amounts recorded in the financial records. I therefore am unable to express an opinion on whether this aforementioned fundraising cash revenue obtained by the Club is complete.

### ***Qualified opinion***

In my opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial report of the Fremantle Surf Life Saving Club Inc. presents fairly in all material respects in accordance with the accounting policies described in Note 1 to the financial statements, the financial position of the Club at 31<sup>st</sup> March 2020 and its financial performance and its cash flows for the twelve months then ended.

### ***Emphasis of matter***

I draw attention to Note 1(e) in the financial report which describes the revenue recognition policy of the Club including the limitations that exist in relation to the recording of cash receipts from cash sales, donations and other cash fundraising activities. Revenue from this source represents a sizeable proportion of the Club's revenue. My opinion is unmodified in respect of this matter.

Milton L. F. Hunt

Tourism WA hosted a major gathering of tourism Operators from many countries around the world. To give them a true taste of iconic Western Australia, a number of members from our Club acted as 'tour guides' on buses between the city and Fremantle, before they boarded helicopters for a flight out to Rottnest island

## Views from the air ...

*Board training on a glorious  
Leighton Beach morning*

*A fantastic aerial shot of the Little  
Creature crew competing at the  
Coogee Beach carnival*

### **DO YOU LIKE THE PICTURES IN THE ANNUAL REPORT ?**

If you like the photographs you see in the Annual Report, most of them come courtesy of our Club photographer, Tony Bowers. Tony does an outstanding job recording the life and times at Fremantle Surf Club. Tony's photos are available on his Smugmug site. The web address is <http://freosurf.smugmug.com>. The site is password-protected. The password can be obtained from Administration at the Club or ask any Board Director or Age Group Manager.

Thanks to our major sponsors for 2019- 20  
from all of us !
